So try our free and simple filehosting service now. You can upload any type of file (movies, music, documents, images, zip files and more). filehosting provides an easy possibility for you to send large files to your friends. There are no restrictions on the number of times a file can be downloaded. No account or credit card is required to get started. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone andour servers, then from our servers to your friends device. It is also allowed to link to the download page from websites and communities. Simply upload yourfile and share the link. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size offiles that can be transferred within their apps. File is free to use with no gotchas and no hidden fees. Our service is completely free for everyone. If only wecould, we surely would! On the other hand, using file can actually save you money. Using file, you can circumvent those limits without paying to upgrade yourteam chat service. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files can be downloaded from any computer fromour high speed servers. You don't need any special software installed to be able to download your files. Any file in any format can be uploaded and downloadedfor free.

Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that data transfer is covered byyour internet service or the data plan on your phone. Just upload the file you want to share with your friends and we send you a download link to your files with. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You can give this download link t
