USING THE ATTORNEY AS A PRIVATE LAWYER UNDER PRIVATE INTERNATIONAL LAW.

I have been studying law for about 30 years as a hobby. I used to believe, as so many so-called Patriots have, that the "government" and "attorneys" and "judges" are doing things wrong and violating the law and the "constitution". How ignorant I was. I was like the people of Jerusalem when the prophets were telling the people and the king of Jerusalem that YHWH loved the people of Judah who were slaves to the King of Babylon better than YHWH loved the people of Jerusalem who were fighting against the King of Babylon. The old way of believing that "the patriots" of Jerusalem were more loved by YHWH than the slaves of Babylon" was before I got a clue and understood the prophets. Then I was a "child" mind. Now I believe that YHWH in heaven is bringing my mind more in line as a man.

Everything is backwards in the public sector because of the financial reorganization that has been ongoing since the beginning of America as a nation. The public world (this world), not the private world (the world), is operating just like the Scripture states in 1 Corinthians 13:5-12. It says: "The reason is [that we are losing the gifts of prophecy, speaking different languages, and knowledge- this means you] that our ability to prophesy are not perfect. But when perfection comes [the understanding of what is love - is this what motivates you?], the things that are not perfect [reasonable- comprehensible and easily understood in terms of logic] will end. When I was a child, I talked like a child, I thought like a child [I refused to grow up intellectually and smell the roses]. When I became a man [I learned what is love and practiced it to my fellow man], I stopped those childish ways [believing God's agents are wrong]. It is the same with us. Now we see a dim reflection, as if we were looking into a mirror [an unclear vision that is backwards- right is left and left is right], but then we shall see clearly. Now I know only a part, but then I will know fully, as God has known me."

In this pattern, I want to share something with you, for those with vision. Government, attorneys, and judges are not your enemy. You are your own worst enemy because you do not understand the law, which is the commands of YHWH.

A number of people I am working with have been offered an attorney by the courts in which the strawmen of these people have been charged with criminal "charges". Now understand, there is supreme court rulings that "people" cannot be put in prison for the crimes of the strawman if the people have not been offered legal counsel at criminal proceedings. Therefore, judges almost always offer the "charged entity" the assistance of legal counsel from a licensed attorney if there is a chance of one of the people being jailed after the conviction of the strawman.

Since the "government" and the public are in a financial reorganization, the public and the "government" have no commercial energy to "execute" on any criminal charges. They can make "no claim". However, they do have powers in admiralty/maritime-equality. These powers come from the consent of the governed. This means the people standing behind the charged strawman. These execution powers in equity come from the acts of contempt by people who do not give honor to the public and governmental proceedings. Everyone who goes to jail on sentence is there of his own permission- which comes from contempt or dishonor.

When the court offers one the services of an attorney, this offer is a commercial draft. The court is the drawer- which is the debtor. The offeree- the "patriot", is the creditor or the drawee. He is the banker which can honor the court by acceptance. To fail to accept the offer is to go into dishonor. To go into dishonor is a contempt. This makes the "patriot" a debtor to the court, which empowers the court, by voluntary consent, to carry out the execution of a "charge", that is not supported by the rules of evidence, as if it were a common law conviction. The prison sentence is for contempt of court by dishonor. The length of the sentence is the sentence for the crime if the public and the government, under their disability of recognition, would have the power of common law execution, which they do not except that you give it to them by your dishonor.

Because of the above process, many wise "patriots" whose strawmen are charged in the public courts now accept the offer of the public attorney or defender. This creates an honorable relationship between the people and the government, judges, and attorneys. It also makes the patriot the creditor in the situation, if the patriot knows how to act as a creditor.

One who has been offered an attorney, must accept the offer by written contract. The contract is nothing more than a copy of the written order with an "acceptance for value and return for value" written across it with the "patriot's" signature and the EDN- or the exemption identification number, written on it with the date. The original signed and merged agreement is placed back into the clerks file of the proceeding as evidence. There is now an agreement IN FACT and it appears to the public side of the proceeding.
