Each of the Canon ink cartridges we sell has been rigorously tested and thus will deliver reliable results that stand up in all lighting conditions. Not only do these inks deliver an exceptional standard of printing, but they will also maintain this quality and prolong the life of your printer as the inks are formulated to work with the specific printer heads and nozzles. These are made from recycled cartridge cores, giving you the same highquality printing but at a fraction of the price. Best of all, these cartridges are made to strict ISO 9001 standard and will not affect your printer's warranty. For each product, you can see the different cartridge options and the price per page for printing. This means you can plan ahead and make sure you never run out of toner. Many of our cartridges are also available in multipacks, which give you even greater savings. If you're looking for professionalquality printing with Canon cartridges, Printerinks.com can meet all your needs. This will allow the ink cartridges to slide into view. You need to push down on the cartridge until you hear a clicking sound. Then you can pull the ink cartridge out. This covers the area where the ink comes out from.

If you require further assistance with changing ink cartridges on your Canon printer, please refer to your printer manual. We have rigorously tested all out compatible printer inks on a range of Canon Printers and the results surpass the quality of most standard ink cartridges. Making them the best value for money. Being made from recycled material such as old packaging means that compatible inks good for the environment and a costeffective choice for customers. With nearly three decades of experience in creating and selling compatible inks, we are way ahead of our competitors. But don't

take our word for it Just take all look at our positive customer reviews. For a general number of pages per cartridge, please refer to your printer manual or packaging. The standard cartridge may hold up to ml of ink. These points can be used against any future purchase you make with us. For more information please visit our recycling page. PrinterInks offers a range of canon compatible ink cartridges which work on all Canon printers.And this is referring to the black ink used in Canon Printers. PGBK is smudge resistant and good for fine lines. Alternatively, BK ink is used for photograph printing. By default, your Canon printer will print using PGBK ink for general text documents. Although it might automatically switch to BK if it thinks you are printing a photo. Canon printers are renowned the world over for their performance and longevity, but you would be amazed at how many think their printer isnt doing its job simply because they have a poor quality toner in their machine. We cover so many canon printers there are simply too many to name here but have a look for your model in the above list and you are more than likely to find it there. Order your replacement ink and toner cartridges together and take advantage of our super quick delivery times and outstanding customer service. Simply choose your model from the list and you'll see our fantastic deals on toner cartridges.
